Student Representative Report

Middle School Student Representative Lisa Lane and Zack Staruk gave an update on the student activities that have happened over the past couple weeks and then discuss activities that will be happening soon at the Douglas Middle School.

Public Comment & Communication

Douglas Teachers Association (DTA) President, Mr. Riordan makes a statement regarding a letter he sent to the School Committee 2 weeks prior. He then read the letter aloud on behalf of the Douglas Teachers Association.

To the Members of the Douglas School Committee,

We are sending you this letter on behalf of the entire Douglas Teachers Association (DTA), who have been working tirelessly day in and day out to support our community. We love working with the welcoming and friendly community here in Douglas. Many of us call Douglas our home - and although there are quite a few of us who live elsewhere, Douglas feels like an extended hometown.

From our perspective, it is clear that the bonds between us are what make us strong. Thinking of the soccer game before Thanksgiving, the crowd that showed up to cheer on our team in the state finals was made of staff, students, residents, alumni, and more. It was clear there, as it is every day in the buildings, that in Douglas we all show up for each other. This sense of community and our deep bonds with fellow staff members have kept us here in Douglas through a global pandemic. The majority of our members have spent many years getting to know the people of Douglas and building connections with amazing colleagues who enable us to show up each day, even when conditions are difficult. But right now, conditions in the schools are incredibly difficult.

Due to the stress of the last two years, students are finding it difficult to fully engage in school - and when a student is in crisis, critical staff are pulled out of other classrooms to help defuse emergency situations, because there aren't enough staff in the building. This leaves the classrooms less supported, in addition to being underfunded, as we continue to spend hundreds of our own dollars on school supplies to make up for what our buildings lack. Each week, more of our seasoned educators are reporting to the DTA that they are feeling exhausted and burnt out. Nationally, teachers are leaving the profession in droves, and

we need to act together, now, to make sure that students and teachers in Douglas feel supported. Every day members are reporting that the buildings are understaffed, and that there aren't enough teachers and paras in the buildings to meet every students' needs. That, combined with large class sizes and students with more needs, has created more reports of negative behaviors and outbursts.

After our period of remote education, we are glad to be back in our classrooms, but every day we need to navigate the difficult realities of that transition. In order to help the district focus on a smooth transition back to in-person work, our union took a 0% Cost of Living Adjustment last year. We are now working with an expired contract while our bills continue to rise and national inflation approaches 6%. We continue to do the best we can without all the resources we need.

In this difficult time, it is our colleagues and our community that keep us going. This is why you may have seen Douglas Teachers walking into and out of our buildings together. This is why you may have seen us wearing the same color clothes, wearing pins that ask you to "Respect Educators", and posting signs in our classrooms and our cars. We stand united and hopeful that our school committee and administration will support us to the same extent that we support our students.

For Douglas to be as successful as possible, we need to fund our schools, support all our students, adequately staff our buildings, and retain our experienced educators. However, as was recently reported by MassLive, Douglas teachers are paid less on average than teachers in over 240 other public school districts in the state. More than ever before, educators need to be recognized for the many roles they fill each day. We are so much more than strictly teachers. We are counselors, coaches, advisors, mentors, nurses, mediators, fundraisers, tech supporters, resource specialists, entertainers, students, and parents. It is impossible for us to sufficiently fulfill all of these roles during the hours of the school day, so we volunteer valuable personal and family time on nights and weekends to make sure we provide our students with everything they need to succeed. Our nurses have had to completely redesign their daily routine and are working around the clock to fulfill their new daily obligations.

You, the School Committee, have said numerous times that you "hear" us, but we need you to **show us** that you value the incredible work our educators do every day. We need to see action. Veteran educators have remained in the district for many years and have experienced many changes in administration and school committee members. DTA members have endured many concessions over the past decade. Now, the union is standing together to show you that this is enough. Our staff and students deserve more. We hope you show us that you agree.

Superintendent's Report

Introduction of the Boys Soccer Team

Superintendent Vieira said he is really excited to have our Division 5 State Finalist Boys Soccer team here tonight. They finished the year with a 10-6-2 record. Dr. Vieira said he has been in education for 28 years and he said he knows how hard it is to get that far in the tournament and it's a testament to the kids, the school and the community. He told them they should be so proud of their accomplishments.

Fall and Winter Sports Update

Athletic Director Ms. Sokol said that the Fall season was extremely successful for our athletic teams at DHS. She said we had 4 teams represent us in the post season at the MIAA tournaments. They were Cross Country, our Field Hockey Co-Op with BMR, Golf and Girls Volleyball. The Volleyball team made it to Division 5 Elite 8 in the state. She said the winter season is now off and running.

Covid-19 Update

Superintendent Vieira said I'm sure you all have seen the news. There has been a spike at the state level where positive cases have doubled. He said since early November the numbers here in Douglas have tripled. He said we are slightly lower than where we were at this point last year, with that being at the state level and locally. Dr. Vieira just wanted to remind people to follow the safety protocols that are in place in the district and the protocols the Governor and the Department of Public Health has put out. He said these protocols work, they make sense, they allow us to stay open and they allow people to stay safe.

Presidential Scholar Nominee

Superintendent Vieira said Zophia Cherrier has been nominated as the Presidential Scholar Nominee. He said every school district is allowed to send 2 nominees to the Commission of Education. The Commission then sifts through about 700 nominations and then the Commissioner of Education will then send 20 scholars to the US Department of Education. They then decide who will receive the Presidential Scholarship.

Special Education Update

Ms. Sobaleski gave an update on the work that has been happening in Special Education Department within the district over the past few months. She updated the Committee on co-teaching, staffing, professional development in reading instruction and a Unified Sports programs at the High School.

Their tuition without the district being a member district costs the district \$118,223.78 combined. If the district was a member of SWCEC, their tuition costs would be reduced to \$92,530,92 for a combined savings of \$25,692.86. She then said that there are two students currently participating in extended evaluations who may need placements in a public day setting to meet their educational needs. The need for public day placements is not anticipated to be reduced. The financial impact of obtaining membership will be \$4,000 to obtain membership. The savings would include at least \$25,692.86 for the FY'23 school year if current placements remain in place as anticipated.

ARTICLE 7 – GRIEVANCE PROCEDURE

<u>Purpose</u>

The purpose of the grievance procedure set forth below is to provide a systematic and timely process by which an aggrieved member of DESPA may present a grievance concerning matters covered by this Agreement for a prompt resolution of the differences. Grievance proceedings will be kept as informal and confidential as may be appropriate for the level concerned and every effort will be made to dispose of at the lowest possible level. Nothing herein contained will be construed as limiting the right of any member having a grievance to discuss the matter informally with the appropriate member of the administration at Level One and having the grievance disposed of at that Level without intervention of DESPA, provided that the disposition is not inconsistent with the terms of the Agreement.

A. Definitions

- 1. <u>Grievance</u>: A "Grievance" is a complaint based upon an event or condition which affects the welfare and/or conditions of employment covered by this Agreement of a member or members of the Douglas Educational Support Professionals Association.
- 2. <u>Aggrieved:</u> The term "aggrieved" is used to denote the person or persons filing the grievance.
- 3. <u>Party In Interest</u>: A "party in interest" includes the person or persons filing the grievance, all persons or groups of persons who might be required to take action, or against whom action may be taken, to resolve the grievance and the chairman of the Association's Professional Rights and Responsibilities Committee, or his/her designee when involved in a grievance proceeding.
 - 4. School Day: A school day is a day on which school is in session.
- 5. <u>Time Limitations</u>: A grievance may be submitted no later than ten (10) calendar days from the date of the individual or association awareness.

B. Grievance Procedure

The number of days indicated at each level should be considered maximum, and every effort will be made to expedite the procedure whenever possible. Where necessary in the interest of fairness and completeness, time limits may be extended by mutual written agreement of parties concerned. Grievances submitted after June 1 will be processed as expeditiously as possible.

At all levels, the aggrieved person(s) shall have the right to meet with the Administration either privately or in company with a representative of the Association.

A grievance that effects, or may affect, a group or class of employees may be submitted by the Association directly to the Superintendent and the processing of such grievance shall be commenced at Level Two.

All documents, communications and records relating to the processing of a grievance will be filed separately from the personal files of parties in interest. No reprisals of any kind will be taken by the School Committee or by any member of the Administration against any party in interest for reasons of participation in a grievance proceeding.

1. LEVEL ONE: MEETING WITH PRINCIPAL

The aggrieved shall discuss the grievance with his/her Principal.

If an immediate disposition of the grievance is not made at this meeting, the Principal shall have five (5) school days from the date of this meeting in which to advise the aggrieved of his/her decision. If, at the end of the five school days, the Principal has not advised the aggrieved of his/her decision, or, if the Principal's decision is not acceptable to the aggrieved, the aggrieved may, within the three (3) school days next following, request in writing a meeting with the Superintendent. This request must state the nature of the grievance, the Article or the provision of the Agreement allegedly violated, the remedy requested, and the signatures of the aggrieved person(s) and the Association representative. A copy of this request must be forwarded to the Principal. Failure on the part of the aggrieved to comply with these requirements may result in termination of the grievance proceeding. The Superintendent shall, within five (5) school days from the day of the written request for a meeting, schedule said meeting.

2. LEVEL TWO: MEETING WITH SUPERINTENDENT

The aggrieved shall discuss the grievance with the Superintendent

If an immediate disposition of the grievance is not made at this meeting, the Superintendent shall have five (5) school days from the date of this meeting in which to

advise the aggrieved of his/her decision. If, at the end of the five school days, the Superintendent has not advised the aggrieved of his/her decision, or, if the Superintendent's decision is not acceptable to the aggrieved, the aggrieved may, within the three (3) school days next following, request in writing a meeting with the School Committee. This request should be addressed to the Chairman of the School Committee, and must state the nature of the grievance the Article or the provision of the Agreement allegedly violated, the remedy requested, and the signature of the aggrieved person(s) and the Association representative.

If the subject matter of the grievance involves any action of the Superintendent or the building principal(s) pursuant to M.G.L. Chapter 71, Sections 71, Sections 38, 40, 41, 42D, 43, 47A, and 59B, and if the grievance has not been disposed of to the satisfaction of the aggrieved party, the Association within ten (10) days after the Level 2 meeting will seek arbitration by giving notice of its intent to the Superintendent.

A copy of this request must be forwarded to the Superintendent. Failure on the part of the aggrieved to comply with these requirements may result in termination of the grievance proceeding. The School Committee shall, within ten (10) school days from the day of receipt of the written request for a meeting, schedule such meeting at a time mutually convenient for all parties concerned.

3. LEVEL THREE: MEETING WITH THE SCHOOL COMMITTEE

The aggrieved shall present the grievance to the School Committee only if related to non-personnel actions.

If an immediate disposition of the grievance is not made at this meeting, the Committee shall have ten (10) school days from the day of this meeting in which to advise the aggrieved of its decision. If, at the end of the ten school days, the Committee has not advised the aggrieved of its decision, or, if the Committee's decision is not acceptable to the aggrieved, the aggrieved may, within five (5) school days after a decision by the Committee, or within fifteen (15) school days after he/she has met with the Committee, whichever is sooner, make written request of DESPA to submit his/her grievance to arbitration. If the Association determines that the grievance is meritorious and that it arises from the language of this Agreement or an alleged breach thereof, it may, by written notice to the Committee, submit the grievance to arbitration within fifteen (15) school days after receipt of the request by the aggrieved. Grievances that do not arise from the language in this Agreement, or an alleged breach thereof, will not be arbitrable.

(Explanatory Note: This portion of the Grievance Procedure requires the Association to notify the Committee of its intent to proceed to arbitration within twenty (20) school days of the date the Committee makes known to the aggrieved its Level Three Decision. These 20 days consist of the 5 days within which the aggrieved must request the Association to support his/her request for arbitration plus the 15 days within which the

Association must then notify the Committee of its intent to proceed to arbitration. The Committee may not extend or otherwise modify the time limit within which an aggrieved is required to make written request of the Association to submit his/her grievance to arbitration.

Within ten (10) school days after such notice of submission to arbitration, the Committee and the Association will agree upon a mutually acceptable arbitrator and will obtain a commitment from said arbitrator to serve. If the Parties are unable to agree upon an arbitrator, or to obtain such a commitment within the specified period, the party seeking arbitration will initiate proceedings with the American Arbitration Association(AAA) by serving notice, in the form of a "Demand for Arbitration": on the other party, with a copy of said "Demand" forwarded to the AAA, One Center Plaza, 3rd Floor, Boston, MA 02108. (The AAA will supply "Demand" Forms, on request.) The parties will then be bound by the rules of the AAA in the selection of an arbitrator.

4. LEVEL FOUR: MEETING WITH ARBITRATOR

The aggrieved shall present his/her grievance to the arbitrator.

The arbitrator so selected will hear the matter and will issue his/her decision not more than thirty (30) days from the date of the close of the hearings. The arbitrator's decision will be in writing and will set forth his findings of fact, reasoning and conclusions on the issues submitted.

The power of the arbitrator in this instance stems from this Agreement, and his/her function is to interpret and apply this Agreement and to pass upon alleged violations thereof. He/she shall have no power to add to, subtract from, or modify any of the terms of this Agreement, nor shall he/she have any power or authority to make any decision that requires the commission of an act prohibited by law or that is violative of the terms of this Agreement.

The decision of the arbitrator shall be submitted to the Committee and the Association and, subject to law, shall be final and binding upon the Association, the Committee, and the aggrieved, provided that the arbitrators in reaching his/her decision shall not have substituted his/her judgment for that of the Committee or the Association.

The costs for the services of the arbitrator, including expenses, shall be divided equally between the Association and the Committee.

Exchange of Information. Facts, opinions, proposals and counterproposals will be freely exchanged during and between meetings of the Association and the Committee.

ARTICLE 8 - EVALUATION

The evaluation process is intended to be a positive approach to enhance Employer and Employee relationships and is to be used as a tool for both parties to have a clear understanding of the expectations of the job and employee performance. It is not intended to replace or to be used in conjunction with matters of discipline however; an evaluation may be used as support documentation by the principal or Superintendent/designee for disciplinary reasons.

Any changes to the instrument used for evaluations shall be discussed and reviewed with the association.

The evaluation will be an objective analysis of the employee's job performance. Evaluations shall be conducted twice annually and provided to the employee prior to January 30 and prior to June 1. Employees shall have five (5) days to review the evaluations and shall be afforded the opportunity to meet and discuss the contents of the evaluations with the evaluators if requested. A bargaining unit member may submit a rebuttal to be attached to the evaluation form and put in the employee's official personnel file.

ARTICLE 9 - HOURS OF WORK

Employees covered by this Agreement are "academic year (10-month) employees" based upon the work year established by the District. The District shall determine each employee's work year and work schedule and reserves the right to adjust the schedule as needed to serve the best interest of the District. Such academic year employees may work a certain number of days as established by the District. Hourly employees may take on additional assignments during the summer months or before or after school at the rates established by the District for those additional assignments.

If, over the course of the summer, the Director of Student Support Services or other administrators deem it necessary to change a Paraprofessional or ABA's role (ie: different grade, building or 1:1 student), then the course of action under Article 29 - Transfers would go into effect.

ARTICLE 12 – SICK LEAVE

An employee must work at least twenty (20) hours per week to be eligible to earn sick leave benefits. Each eligible employee will accrue 1 (1.0) day per month for a maximum of 10 days per year. For any absences of more than ten (10) consecutive days a doctor's certificate shall be required indicating that the employee is permitted to return to full duty.

To be eligible to use paid sick leave, an employee must report the illness or injury to their immediate supervisor as soon as is reasonably possible, but in no event less than one (1) hour prior to such employee's scheduled reporting time on the first day of absence (unless prevented from doing so for reasons of emergency) and shall also notify the immediate supervisor not later than the evening before the day in which the employee intends to return in the case of extended absence. written approval of the Superintendent. A five (5) day minimum prior notice is required to use personal time unless it is an emergency. Personal leave days may only be taken in full day increments. There shall be no carry over of personal days.

No more than two (2) bargaining unit members per building may be granted personal leave days for any one (1) day. Exceptions to the restrictions set forth in this paragraph may be allowed only in emergency situations at the sole discretion and with written approval of the Superintendent or their designee.

ARTICLE 14 - JURY LEAVE

Paraprofessionals (DESPA) serving on jury duty will be reimbursed the difference between their per diem salary and the State jury duty payment. Appropriate paperwork verifying jury duty participation must be filed by the employee with the business office. If a paraprofessional is required to appear in a court of law under subpoena due to a legal matter related to their position then the paraprofessional will be paid at their hourly rate for the time spent in court.

ARTICLE 15 - BEREAVEMENT LEAVE

In the event of a death of a member's spouse or child, a DESPA member shall be allowed a maximum of five (5) days with full pay, if these five days would normally have been teaching days, and if they immediately follow the death of the spouse or child concerned.

File: JKAA - PHYSICAL RESTRAINT OF STUDENTS-Current

Maintaining an orderly, safe environment conducive to learning is an expectation of all staff members of the Douglas School District. Further, students of the District are protected by law from the unreasonable use of physical restraint.

Physical restraint shall be used only in emergency situations after other less intrusive alternatives have failed or been deemed inappropriate, and with extreme caution. School personnel shall use physical restraint with two goals in mind:

- 1. To administer a physical restraint only when needed to protect a student and/or a member of the school community from immediate, serious, physical harm; and
- 2. To prevent or minimize any harm to the student as a result of the use of physical restraint.

The following definitions appear at 603CMR 46.02:

- 1. Extended Restraint: A physical restraint the duration of which is longer than twenty (20) minutes.
- 2. Physical escort: Touching or holding a student without the use of force for the purpose of directing the student.
- 3. Physical restraint: The use of bodily force to limit a student's freedom of movement.

The use of mechanical or chemical restraint is prohibited unless explicitly authorized by a physician and approved in writing by the parent/guardian. The use of seclusion restraint is prohibited in public education programs.

Mechanical restraint - The use of a physical device to restrict the movement of a student or the movement or normal function of a portion of his or her body. A protective or stabilizing device ordered by a physician shall not be considered a mechanical restraint.

Seclusion restraint - Physically confining a student alone in a room or limited space without access to school staff. The use of "Time out" procedures during which a staff member remains accessible to the student shall not be considered "seclusion restraint".

Chemical restraint - the administration of medication for the purpose of restraint.

The Superintendent will develop written procedures identifying:

- Appropriate responses to student behavior, that may require immediate intervention;
- Methods of preventing student violence, self injurious behavior, and suicide;
- Descriptions and explanations of the school's method of physical restraint;
- Descriptions of the school's training and reporting requirements;
- Procedures for receiving and investigating complaints.

Excellence in Education

Each building Principal will identify staff members to serve as a school-wide resource to assist in ensuring proper administration of physical restraint. These staff members will participate in an in-depth training program in the use of physical restraint, which the Dept. of Elementary and Secondary Education recommends be at least 16 hours in length.

Only school personnel who have received training pursuant to 603CMR 46.00 shall administer physical restraint on students. Whenever possible the administration of physical restraint shall be administered in the presence of at least one adult who does not participate in the restraint. A person administering physical restraint shall only use the amount of force necessary to protect the student from injury or harm.

In addition, each staff member will be trained regarding the school's physical restraint policy. The Principal will arrange training to occur in the first month of each school year, or for staff hired after the beginning of the school year, within a month of their employment.

Physical restraint is prohibited as a means of punishment, or as a response to destruction of property, disruption of school order, a student's refusal to comply with a school rule or staff directive, or verbal threats that do not constitute a threat of imminent, serious physical harm to the student or others.

A member of the School Committee or any teacher or any employees or agent of the School Committee shall not be precluded from using such reasonable force as is necessary to protect pupils, other persons or themselves from an assault by a pupil.

The program staff shall report the use of physical restraint that lasts longer than five minutes, or results in injury to a student or staff member. The staff member shall inform the administration of the physical restraint as soon as possible, and by written report, no later than the next school day. The Principal or director or his/her designee shall maintain an ongoing record of all reported instances of physical restraint, which, upon request, shall be made available to the Dept. of Elementary and Secondary Education.

When a restraint has resulted in serious injury to a student or program staff member or when an extended restraint has been administered, the program shall provide a copy of the required report to the Dept. of Elementary and Secondary Education within five (5) school working days of the administration of the restraint.

In special circumstances waivers may be sought from parents either through the Individual Education Plan (IEP) process or from parents of students who present a high risk of frequent, dangerous behavior that may frequent the use of restraint.

JKAA - PHYSICAL RESTRAINT POLICIES AND PROCEDURE - Revision

I. General Information:

Maintaining an orderly, safe environment conducive to learning is an expectation of all staff members of the Douglas School District. Further, students of the District are protected by law from the unreasonable use of physical restraint. The Douglas Public Schools shall abide by the provisions of 603 CMR 46.00, which regulates the use of physical restraint on students in Massachusetts public school districts. The use of physical restraint is considered an emergency procedure of last resort, and is prohibited except when a student's behavior poses a threat of assault, or imminent, serious, physical harm to self or others, and less intrusive alternatives have failed or been deemed inappropriate. Physical restraint shall be used with extreme caution. The District has developed restraint prevention and behavior support procedures, in compliance with 603 CMR 46.00, which shall be annually reviewed, provided to school staff, and made available to parents.

Physical restraint shall be used only in emergency situations after other less intrusive alternatives have failed or been deemed inappropriate, and with extreme caution. School personnel shall use physical restraint with two goals in mind (603 CMR 46.01):

- A. To administer a physical restraint only when needed to protect a student and/or a member of the school community from immediate, serious, physical harm; and
- B. To prevent or minimize any harm to the student as a result of the use of physical restraint. Transferred

Note: Nothing in the Code of Massachusetts Regulations (603 C.M.R. 46.00) or the Douglas Public Schools' Physical Restraint Policy shall be construed to limit the protection afforded to publicly funded students under other federal and state laws, including those laws that provide for the rights of students who have been found eligible to receive special education services. Additionally, nothing in the Code of Massachusetts Regulations (603 C.M.R. 46.00) or the Douglas Public Schools' Physical Restraint Policy precludes any teacher, employee or agent of a public education program from using reasonable force to protect students, other persons or themselves from assault or imminent, serious, physical harm.

II. Staff Training (603 CMR 46.04):

- All Program Staff: Each staff member will be trained annually regarding the school's physical restraint policy and accompanying procedures. Training will occur within the first month of each school year for all staff members or within the first month of employment for staff members hired after the start of any given school year. The training shall consist of the following: (a) the role of the student, family and staff in preventing restraint; (b) Douglas Public Schools Physical Restraint Prevention and Behavior Support Administrative Procedures and Guidelines, including use of time out as a behavior support strategy distinct from seclusion which is prohibited; (c) interventions that may preclude the need for restraint, including de-escalation of problematic behaviors and other alternatives to restraint in emergency circumstances; (d) when behavior presents an emergency that requires physical restraint, the types of permitted physical restraints and related safety considerations, including information regarding the increased risk of injury to a student when any restraint is used, in particular a restraint of extended duration; (e) administering physical restraint in accordance with medical or psychological limitations, known or suspected trauma history, and/or behavioral intervention plans applicable to an individual student; and (f) identification of program staff who have received in-depth training pursuant to 603 C.M.R. 46.04(3) in the use of physical restraint. See 603 C.M.R. 46.04(2).
- B. Staff Authorized to Serve As A School-Wide Resource on the Proper Administration of Physical Restraints: Each school shall maintain a crisis response team. All members of the crisis response teams are trained in Crisis Prevention Intervention (CPI). In-depth training in the proper administration of physical restraint shall be provided to all crisis response team members in each building and shall include, but not be limited to: (a) Appropriate procedures for preventing the use of physical restraint, including the de-escalation of problematic behavior, relationship building and the use of alternatives to restraint; (b) A description and identification of specific dangerous behaviors on the part of students that

may lead to the use of physical restraint and methods for evaluating the risk of harm in individual situations in order to determine whether the use of restraint is warranted; (c) The simulated experience of administering and receiving physical restraint, instruction regarding the effect(s) on the person restrained, including instruction on monitoring physical signs of distress and obtaining medical assistance; (d) Instruction regarding documentation and reporting requirements and investigation of injuries and complaints; (e) Demonstration by participants of proficiency in administering physical restraint; and, (f) Instruction regarding the impact of physical restraint on the student and family, recognizing the act of restraint has impact, including but not limited to psychological, physiological, and social-emotional effects. See 603 C.M.R. 46.04(3)&(4).

III. Prevention, Intervention, and Alternatives to Physical Restraints (603 CMR 46.04):

A. Methods for Preventing Student Violence, Self-Injurous Behaviors, and Suicide: School-wide professional development focused on identifying and preventing student violence, self-injurious behavior and suicide, including individual behavior crisis planning and de-escalation of potentially dangerous behavior occurring among groups of students or with an individual student will be provided in each building annually. In addition, the school-level crisis response team will participate in professional development focused on preventative measures to prevent student violence, self injurious behavior and suicide, including individual behavior crisis planning and de-escalation of potentially dangerous behavior occurring among groups of students or with an individual student. The crisis response team along with teachers and other school personnel will identify students who are potentially at-risk and review student social, emotional and behavior progress monthly at the Student Support Team Meeting (SST) to plan interventions and supports for students.

For any student with a history of significant emotional/ behavior including at risk behavior (harm to self and/or others) and/or a student who has previously required a physical restraint, the team will develop a safety behavior intervention plan or crisis plan. The plan should include strategies and supports which may include specific de-escalation strategies, counseling services, monitoring protocol, data collection, and frequent review meetings (at least 2x monthly), etc. for the purpose of assessing progress and making necessary adjustments. School staff should utilize the school district's various tools to help students who are exhibiting aggressive behavior.

- B. <u>Use of Deescalation Strategies as an Alternative to Physical Restraint:</u> There are a variety of appropriate responses to student behavior that may require immediate intervention. These alternative methods should be used first when seeking to prevent student violence, self-injurious behavior and/or de-escalating potentially dangerous behavior occurring among groups of students or with an individual student. Physical restraints should only be used as a last resort in emergency situations after these other less intrusive alternatives have failed or been deemed inappropriate.
- C. General Guidelines for De-escalating Potentially Dangerous Behavior:
 - Remain calm -To possibly help prevent the likelihood of a student experiencing distress from escalating his/her behavior use a neutral and level tone of voice, control one's facial expressions and use a supportive non-threatening body language.
 - 2. Obtain Assistance Whenever possible, school personnel should immediately take steps to notify school administrators, the school's administrative response team and/or other school personnel of a potentially dangerous situation and to obtain additional assistance.
 - 3. One Person Speaks In order to minimize the likelihood of confusion and/or the likelihood of a student experiencing distress from escalating his/her behavior, having one person providing overall direction to the response and the follow up procedures is advisable. This often may be either the first trained staff person on the scene or the staff person with the most information about the particular situation.
 - 4. Remove Student If Possible The feasibility of having a student experiencing distress leave an area with other students and move to another more private and safe area in order to de-escalate should be considered.
 - 5. Remove Other Students If it is not feasible to have a student experiencing distress move to a more private and safe area in order to de-escalate, consider the feasibility of having other staff assist and monitor the removal of other students to another area within the school until the

student de-escalates.

- D. Examples of Interventions and Less Intrusive Methods to Reduce the Need for Physical Restraints:
 - 1. Active listening
 - 2. Use of a low non-threatening voice
 - 3. Limiting the number of adults providing direction to the student
 - 4. Offering the student a choice
 - 5. Not blocking the student's access to an escape route
 - 6. Suggesting possible resolutions to the student
 - 7. Avoiding dramatic gestures (pointing, blocking motions, etc.)
 - 8. Verbal prompt A verbal prompt is communicating what is expected behavior by clearly stating instructions and expectations.
 - 9. Full or partial physical cue A full or partial physical cue is anytime an adult needs to temporarily place their hands on a student or physically redirects a student without force. These are used at increasing levels as needed to return a student safely back to task. See Physical Redirection and Physical Escort below.
 - 10. Physical Escort A physical escort is a temporary touching or holding, without the use of force, of the hand, wrist, arm, shoulder or back, for the purpose of inducing a student who is agitated to walk to a safe location.
 - 11. Physical Redirection -A physical redirection is done by temporarily placing one hand on each of the student's shoulders, without force, and redirecting the student to the learning activity, classroom or safe location.
 - 12. Time-Out A time-out is a behavioral support strategy in which a student temporarily separates from the learning activity or classroom, either by choice or by direction from staff, for the purpose of calming. During time-out a staff member must continuously observe a student. Staff shall be with the student or immediately available to the student at all times. The space used for time-out must be clean, safe, sanitary and appropriate for the purpose of calming. Time-out shall cease as soon as the student is calmed.
- E. Emergency Situations: In an emergency situation, school staff are to act in a manner to ensure the safety of the individual as well as other students and personnel. The school staff responding to the emergency situation should adhere to the requirements of the district's Physical Restraint Policy.

IV. Procedure For Use Of Time-Out As A Behavior Support Strategy (603 CMR 46.04):

In the limited instances where the use of time-out rooms is determined to be a necessary behavioral support strategy, such use must be consistent with (603 CMR 46.00).

- A. <u>Use of Inclusionary Time-Out as a Behavior Support Strategy</u>: The use of time-out is a behavior support strategy when it is inclusionary. Types of inclusionary time-out practices that function as behavior support strategies include, but are not limited to, planned ignoring, asking a student to put his/her head down, placing a student in a different location within the classroom that is not walled-off or otherwise separated from the classroom.
- B. The Use of Exclusionary Time Out: The use of time-out is exclusionary if the time-out is "a staff-directed behavior support [that] should only be used when the student is displaying behaviors which present, or potentially present, an unsafe or overly disruptive situation in the classroom. It should not be used for punishment for noncompliance or for incidents of misbehavior that are no longer occurring. School staff must be physically present with the student who is in an exclusionary time-out setting, including but not limited to, any student who is exhibiting self-injurious behavior. If the student poses a safety risk to staff and is not exhibiting self-injurious behavior, then, in those limited instances, the school counselor or other behavioral support professional must be immediately available to the student outside the entrance to the time-out setting where he/she can continuously observe and communicate with the student as appropriate to determine when the student is calm. A student is never to be locked in a room. During an exclusionary time-out, a student shall not be involuntarily confined and must be continuously observed by a staff member. Staff shall be with the student or immediately available to the student at all times. The time-out shall cease as soon as the student has calmed or when thirty (30) minutes have passed, whichever event is earlier. The preference is for time-out to be

implemented within a classroom. Any space utilized for time-out outside of a classroom must be a safe and calming environment that has been approved by Student Services before it is utilized.

C. Process of Obtaining Principal Approval for an Exclusionary Time-Out of More than Twenty 20
Minutes: If it appears that a student may be using time-out as a behavior support strategy for more than twenty (20) minutes based on the student's continued agitation, school staff must obtain the approval of the principal before continuing the time-out for more than twenty (20) minutes. The principal can only give approval and when the principal is not on site at the school, the assistant principal or the principal designee can only give approval for the day or period of the day that the principal is not on site at the school. Before making a decision to extend the time-out for the student, the principal must be informed of critical details regarding the time-out of the student, including, but not limited to:

1. The type of time-out; and

- 2. The student's behavior and condition during the time-out.
- V. Administration of Physical Restraints (603 CMR 46.05): If all other less intrusive alternatives have failed or been deemed inappropriate to prevent student violence, self-injurious behavior and/or de-escalating potentially dangerous behavior occurring among groups of students or with an individual student, a physical restraint may be used as a last resort. In other words, a physical restraint can only be used as a last resort in an emergency when a student's behavior poses a threat of imminent, serious physical harm to himself or herself or others, and the student does not respond to verbal directives or other lawful and less intrusive behavior interventions, or such interventions are deemed inappropriate under the circumstances.

A. Each building Principal will identify staff members to serve as a school-wide resource (crisis response team) to assist in ensuring proper administration of physical restraint. These staff members will participate in an in-depth training program in the use of physical restraint.

B. Only staff who have received training pursuant to 603 CMR 46.04 shall administer physical restraint on students. Whenever possible, the administration of a restraint shall be witnessed by at least one adult who does not participate in the restraint.

- There are three holds used in Crisis Prevention Intervention (CPI), including the seated position, the standing position and the children's control position. All three are broken into three levels of intensity, low, medium, and high, which allows staff to use a physical response that is appropriate to the student's level of need.
 - a) Seated position has two staff, one on either side of the child, for all three levels of intensity.
 - b) Standing position has one staff with the child at the low level of intensity and then two staff at the medium and high level of intensity.
 - The control position has one staff intervening with the child and is used only for a small child.
- 2. A person administering a physical restraint shall use only the amount of force necessary to protect the student or others from physical injury or harm.
- C. A person administering physical restraint shall use the safest method available and appropriate to the situation subject to the safety requirements set forth in 603 CMR 46.05(5). Floor restraints, including prone restraints otherwise permitted under 603 CMR 46.03(1)(b), shall be prohibited unless the staff members administering the restraint have received in-depth training according to the requirements of 603 CMR 46.04(3) and, in the judgment of the trained staff members, such method is required to provide safety for the student or others present.

D. All physical restraint must be terminated as soon as the student is no longer an immediate danger to himself or others, or the student indicates that he or she cannot breathe, or if the student is observed to be in severe distress, such as having difficulty breathing, or sustained or prolonged crying or coughing.

VI. Safety Requirements for the Use of Physical Restraint (603 CMR 46.05):

A. Monitoring Safety: No restraint shall be administered in such a way that the student is prevented from breathing or speaking. During the administration of a restraint, a staff member shall continuously monitor the physical status of the student, including skin temperature and color, and respiration.

- B. <u>Physical Distress:</u> Restraint shall be administered in such a way so as to prevent or minimize physical harm. If, at any time during a physical restraint, the student expresses or demonstrates significant physical distress including, but not limited to, difficulty breathing, the student shall be released from the restraint immediately, and school staff shall take steps to seek medical assistance.
- C. <u>Restraint Termination:</u> Restraints must be terminated as soon as the student is not in danger of hurting themselves or any person around them.
- D. <u>Individual Student History:</u> Program staff shall review and consider any known medical or psychological limitations, known or suspected trauma history, and/or behavioral intervention plans regarding the use of physical restraint on an individual student.
- E. <u>Duration of Restraint:</u> If a student is restrained for a period longer than 20 minutes, program staff shall obtain the approval of the principal. The approval shall be based upon the student's continued agitation during the restraint justifying the need for continued restraint. The principal can only give approval and when the principal is not on site at the school, the Assistant Principal/Special Education Director or the school's designee can only give approval for the day or period of the day that the principal is not on site at the school. Before making a decision to extend the restraint for the student, the principal must be informed of critical details regarding the restraint of the student, including, but not limited to:
 - 1. The type of restraint; and
 - 2. The student's behavior and condition during the restraint.
 - 3. The principal must consider these critical factors so that he/she can determine whether continued use of the restraint is justified based on the student's continued agitation. If the principal determines that the continued use of the restraint is justified based upon the student's continued agitation, the removal from class report form needs to be completed by the staff person seeking the extension, signed by both the staff person and principal and a copy of the report provided to the Office of Student Services by no later than three (3) school working days of the administration of the restraint as to the critical factors he/she was informed of and were considered in making the determination that the continued use of the restraint is justified based on the student's continued agitation.
- F. Need for Medical Attention: School personnel should remember that at any time, school personnel should seek to contact the school nurse and emergency medical assistance if it appears that the student is demonstrating significant physical distress and it is the recommended best practice for school personnel to seek medical assistance when a student appears to be demonstrating or experiencing any physical distress as a result of a restraint.

VII. Prohibitions on Use of Physical Restraints (603 CMR 46.03):

IX. IX. Engaging Parents, Guardians, and Students:

The Douglas Public Schools acknowledge the vital role of parents in creating safe schools. We ask parents to be:

- 1. Knowledgeable about their role in supporting their student(s)
- 2. Knowledgeable of school rules and expectations
- 3. Familiar with our expectations regarding respectful and safe behavior as outlined in each building's student handbook.

The Principal should provide all families and students with information about behavioral supports and restraint prevention efforts that are utilized within their school annually. Additionally, the Principal is expected to follow these administrative procedures with respect to identifying students who may be at risk of restraint and work with the student and their family along with the school counselor to identify and work on behavioral supports to prevent restraint from occurring. If a student is restrained, the Principal is expected to follow these

administrative procedures with respect to engaging the student and their family about the use of the restraint, the report regarding the restraint, any disciplinary sanctions that may be imposed and/or any other related matters. Additionally, the school counselor also should follow up with the student and their family regarding behavioral supports.

X. Procedures for Receiving and Investigating Complaints:

- A. Informal Resolution of Concern About Use of Physical Restraint: Before initiating a formal complaint procedure, a student or his/her parent/guardian who has concerns regarding a specific use of a physical restraint, may seek to resolve his/her concerns regarding a specific use of a physical restraint by raising the issue with the principal of the school. The student and/or his/her parent/guardian should direct their concerns regarding a specific use of a physical restraint to the principal within ten (10) days of the parent/guardian's receipt of the written report from the school. The principal shall attempt, within his/her authority, to work with the individual to resolve the complaint fairly and expeditiously. If the student and/or his/her parent/guardian are not satisfied with the resolution, or if the student and/or his/her parent/guardian may proceed with the formal complaint process detailed below.
- B. Formal Resolution of Concern About Use of Physical Restraint: A student or his/her parent/guardian, who has concerns regarding a specific use of a physical restraint, may seek to resolve his/her concerns regarding a specific use of a physical restraint by submitting a written complaint to the Office of the Superintendent. Douglas Public Schools

Tiered Focused Monitoring Report

For Group B Universal Standards
Tier Level 1

Date of Onsite Visit: January 20, 2021

Date of Final Report: March 26, 2021

Jeffrey C. Riley

Commissioner of Elementary and Secondary Education

During the 2020-2021 school year, Douglas Public Schools participated in a Tiered Focused Monitoring Review conducted by the Department's Office of Public School Monitoring. The purpose of the Tiered Focused Monitoring Review is to monitor compliance with regulatory requirements focusing on special education and civil rights.

Districts and charter schools are reviewed every three years through Tiered Focused Monitoring. This review process emphasizes elements most tied to student outcomes and alternates the focus of each review on either Group A Universal Standards or Group B Universal Standards.

Group A Universal Standards address:

- Student identification
- IEP development
- Programming and support services
- Equal opportunity

Group B Universal Standards address:

- Licensure and professional development
- Parent/student/community engagement
- Facilities and classroom observations
- Oversight
- Time and learning
- Equal access

In addition, the Department has reserved a specific set of criteria, collectively known as Targeted Standards, employed when LEA or school-level risk assessment data indicate that there is a potential issue. Identified Targeted Standards are assessed in addition to the Universal Standards.

Universal Standards and Targeted Standards are aligned with the following regulations:

Special Education (SE)

selected requirements from the federal Individuals with Disabilities Education Act (IDEA-2004);
 the federal regulations promulgated under that Act at 34 CFR Part 300; M.G.L. c. 71B, and the
 Massachusetts Board of Education's Special Education regulations (603 CMR 28.00), as amended effective March 1, 2007.

Civil Rights Methods of Administration and Other General Education Requirements (CR)

- selected federal civil rights requirements, including requirements under Title VI of the Civil Rights Act of 1964; the Equal Educational Opportunities Act of 1974; Title IX of the Education Amendments of 1972; Section 504 of the Rehabilitation Act of 1973, and Title II of the Americans with Disabilities Act of 1990, together with selected state requirements under M.G.L. c. 76, Section 5 as amended by Chapter 199 of the Acts of 2011 and M.G.L. c. 269 §§ 17 through 19.
- selected requirements from the Massachusetts Board of Education's Physical Restraint regulations (603 CMR 46.00).

Template Version 072820

- selected requirements from the Massachusetts Board of Education's Student Learning Time regulations (603 CMR 27.00).
- various requirements under other federal and state laws.

Tiered Focused Monitoring allows for differentiated monitoring based on a district/charter school's level of need, the Tiers are defined as follows:

LEAs in Tiers 1 and 2 have been determined to have no or low risk:

- Tier 1/Self-Directed Improvement: Data points indicate no concern on compliance and performance outcomes meets requirements.
- Tier 2/Directed Improvement: No demonstrated risk in areas with close link to student outcomes – low risk.

LEAs in Tiers 3 and 4 have demonstrated greater risk:

- Tier 3/Corrective Action: Areas of concern include both compliance and student outcomes moderate risk.
- Tier 4/Cross-unit Support and Corrective Action: Areas of concern have profound effect on student outcomes and ongoing compliance high risk.

The phases of Tiered Focused Monitoring for Douglas Public Schools included:

Self-Assessment Phase:

- District reviewed special education and civil rights documentation for required elements including document uploads.
- Upon completion of this internal review, the district's self-assessment was submitted to the Department for review.

Verification Phase:

- Review of additional documents for special education or civil rights.
- Surveys of parents of students with disabilities: Parents of students with disabilities were sent a
 survey to solicit information regarding their experiences with the district's implementation of
 special education programs, related services, and procedural requirements.
- Interviews of three staff members consistent with those criteria selected for onsite verification.
- Interview of a parent advisory council (PAC) representative.
- Observations of classrooms and other facilities: The team reviewed floor plans of classrooms and school facilities used in the delivery of programs and services to determine general levels of compliance with program requirements.

Report: For Tier 1 & 2 Tiered Focused Monitoring Reviews

Following the onsite visit, the onsite team holds an informal exit meeting to summarize its comments for the superintendent or charter school leader. Within approximately 20 business days of the onsite visit, the onsite chairperson forwards to the superintendent or charter school leader the findings from the Tiered Focused Monitoring Review. All districts/charter schools in Tiers 1 and 2, as part of the reporting process, then develop a Continuous Improvement and Monitoring Plan (CIMP) for any criteria receiving a rating of "Partially Implemented," "Not Implemented," and "Implementation in Progress." The CIMP outlines an action plan, identifies the success metric, describes the measurement mechanism and provides a completion timeframe to bring those areas into compliance with the controlling statute or regulation. Districts and charter schools are expected to incorporate the CIMP actions into their district and school improvement plans, including their professional development plans.

File: JB - EQUAL EDUCATIONAL OPPORTUNITIES-Current

In recognition of the diversified characteristics and needs of our students and with the keen desire to be responsive to them, the School Committee will make every effort to protect the dignity of the students as individuals. It also will offer careful consideration and sympathetic understanding of their personal feelings, particularly with reference to their race, color, sex, gender identity, religion, national origin, sexual orientation or physical and intellectual differences.

To accomplish this, the Committee and its staff will make every effort to comply with the letter and the spirit of the Massachusetts equal educational opportunities law which prohibits discrimination in public school admissions and programs. The law reads as follows:

Tiered Focused Monitoring Report

For Group B Universal Standards Tier Level 1

Date of Onsite Visit: January 20, 2021

Date of Final Report: March 26, 2021

Jeffrey C. Riley

Commissioner of Elementary and Secondary Education

During the 2020-2021 school year, Douglas Public Schools participated in a Tiered Focused Monitoring Review conducted by the Department's Office of Public School Monitoring. The purpose of the Tiered Focused Monitoring Review is to monitor compliance with regulatory requirements focusing on special education and civil rights.

Districts and charter schools are reviewed every three years through Tiered Focused Monitoring. This review process emphasizes elements most tied to student outcomes and alternates the focus of each review on either Group A Universal Standards or Group B Universal Standards.

Group A Universal Standards address:

- Student identification
- IEP development
- Programming and support services
- Equal opportunity

Group B Universal Standards address:

- Licensure and professional development
- Parent/student/community engagement
- Facilities and classroom observations
- Oversight
- Time and learning
- Equal access

In addition, the Department has reserved a specific set of criteria, collectively known as Targeted Standards, employed when LEA or school-level risk assessment data indicate that there is a potential issue. Identified Targeted Standards are assessed in addition to the Universal Standards.

Universal Standards and Targeted Standards are aligned with the following regulations:

Special Education (SE)

selected requirements from the federal Individuals with Disabilities Education Act (IDEA-2004);
 the federal regulations promulgated under that Act at 34 CFR Part 300; M.G.L. c. 71B, and the
 Massachusetts Board of Education's Special Education regulations (603 CMR 28.00), as amended effective March 1, 2007.

Civil Rights Methods of Administration and Other General Education Requirements (CR)

- selected federal civil rights requirements, including requirements under Title VI of the Civil Rights Act of 1964; the Equal Educational Opportunities Act of 1974; Title IX of the Education Amendments of 1972; Section 504 of the Rehabilitation Act of 1973, and Title II of the Americans with Disabilities Act of 1990, together with selected state requirements under M.G.L. c. 76, Section 5 as amended by Chapter 199 of the Acts of 2011 and M.G.L. c. 269 §§ 17 through
- selected requirements from the Massachusetts Board of Education's Physical Restraint regulations (603 CMR 46.00).

Template Version 072820

- selected requirements from the Massachusetts Board of Education's Student Learning Time regulations (603 CMR 27.00).
- various requirements under other federal and state laws.

Tiered Focused Monitoring allows for differentiated monitoring based on a district/charter school's level of need, the Tiers are defined as follows:

LEAs in Tiers 1 and 2 have been determined to have no or low risk:

- Tier 1/Self-Directed Improvement: Data points indicate no concern on compliance and performance outcomes meets requirements.
- Tier 2/Directed Improvement: No demonstrated risk in areas with close link to student outcomes low risk.

LEAs in Tiers 3 and 4 have demonstrated greater risk:

- Tier 3/Corrective Action: Areas of concern include both compliance and student outcomes moderate risk.
- Tier 4/Cross-unit Support and Corrective Action: Areas of concern have profound effect on student outcomes and ongoing compliance high risk.

The phases of Tiered Focused Monitoring for Douglas Public Schools included:

Self-Assessment Phase:

- District reviewed special education and civil rights documentation for required elements including document uploads.
- Upon completion of this internal review, the district's self-assessment was submitted to the Department for review.

Verification Phase:

- Review of additional documents for special education or civil rights.
- Surveys of parents of students with disabilities: Parents of students with disabilities were sent a
 survey to solicit information regarding their experiences with the district's implementation of
 special education programs, related services, and procedural requirements.
- Interviews of three staff members consistent with those criteria selected for onsite verification.
- Interview of a parent advisory council (PAC) representative.
- Observations of classrooms and other facilities: The team reviewed floor plans of classrooms and school facilities used in the delivery of programs and services to determine general levels of compliance with program requirements.

Report: For Tier 1 & 2 Tiered Focused Monitoring Reviews

Following the onsite visit, the onsite team holds an informal exit meeting to summarize its comments for the superintendent or charter school leader. Within approximately 20 business days of the onsite visit, the onsite chairperson forwards to the superintendent or charter school leader the findings from the Tiered Focused Monitoring Review. All districts/charter schools in Tiers 1 and 2, as part of the reporting process, then develop a Continuous Improvement and Monitoring Plan (CIMP) for any criteria receiving a rating of "Partially Implemented," "Not Implemented," and "Implementation in Progress." The CIMP outlines an action plan, identifies the success metric, describes the measurement mechanism and provides a completion timeframe to bring those areas into compliance with the controlling statute or regulation. Districts and charter schools are expected to incorporate the CIMP actions into their district and school improvement plans, including their professional development plans.

DEFINITION OF COMPLIANCE RATINGS

Commendable

Any requirement or aspect of a requirement implemented in an exemplary manner significantly

beyond the requirements of law or regulation.

Implemented

The requirement is substantially met in all important

aspects.

Implementation in Progress

This rating is used for criteria containing new or updated legal requirements and means that the district has implemented any old requirements contained in the criterion and is training staff or beginning to implement the new requirements in such a way that the onsite team

anticipates that the new requirements will be implemented by the end of the school year.

Partially Implemented

The requirement, in one or several important aspects, is

not entirely met.

Not Implemented

The requirement is totally or substantially not met.

Not Applicable

The requirement does not apply to the school district or

charter school.

Improvement Area 1

Criterion: CR 7C - Early release of high school seniors

Rating: Not Implemented

Description of Current Issue: A review of the district's calendar indicated that the conclusion of the seniors' school year is more than 12 school days before the regularly scheduled closing date of the high school.

LEA Outcome: Douglas Public Schools will ensure that neither the conclusion of the seniors' school year nor graduation is more than 12 school days before the regularly scheduled closing date of the high school. The school committee will approve a compliant 2021-2022 school calendar and the district will implement procedures that ensure future compliance.

Action Plan: By April 16, 2021, Douglas Public Schools will submit a 2021-2022 school calendar that ensures neither the conclusion of the seniors' school year nor graduation is more than 12 school days before the regularly scheduled closing date of the high school.

By May 5, 2021, upon Department approval of the calendar, the school committee will approve the 2021-2022 school calendar. Evidence will include meeting minutes indicating approval.

By June 30, 2021, the district will disseminate the school committee-approved calendar to the school community. Evidence will include notification of dissemination.

Success Metric: By February 2, 2022 and beyond, Douglas Public Schools will ensure that neither the conclusion of the seniors' school year nor graduation is more than 12 school days before the regularly scheduled closing date of the school.

Evidence:

- * Updated school calendar
- * School committee minutes indicating approval
- * Notification of dissemination to the school community

Measurement Mechanism: The Assistant Superintendent of Student Support Services shall review a proposed school calendar each February to ensure compliance. Completion Timeframe: 06/30/2021

Improvement Area 2

Criterion: CR 17A - Use of physical restraint on any student enrolled in a publicly-funded education program

Rating: Partially Implemented

Description of Current Issue: A review of documents indicated that the district's written restraint prevention and behavior support procedures are not consistent with regulations 603 CMR 46.00 regarding appropriate responses to student behavior that may require immediate intervention. Specifically, the procedures do not include a description of the program's training requirements.

LEA Outcome: Douglas Public Schools will update its written restraint prevention and behavior support procedures so that they are consistent with regulations under 603 CMR 46.00. Once approved by the Department of Elementary and Secondary Education, the district will disseminate the updated procedures to staff, students, and parents/guardians of students. The district will ensure all staff receive the required trainings related to restraint prevention and behavior support policy and procedures. The district will also ensure that the policy and procedures are reviewed annually.

Action Plan: By June 30, 2021, Douglas Public Schools will submit revised restraint procedures that include a description of the program's training requirements.

By November 1, 2021, upon Department approval of the procedures, Douglas Public Schools will disseminate the updated procedures to the school community. Evidence will include a link to the online policy and procedures and notification to the school community.

By November 1, 2021, Douglas Public Schools will submit evidence of training for all program staff on the district's revised restraint procedures. Evidence will include training materials, meeting agendas and signed attendance sheets.
